## Message from the Office of the Mayor

Good Day Everyone:

I would like to take this time to bring everyone up to date on the progress that we are making in our "Great Town" of Lindenwold. Some really good news that I hope you all will be excited to hear is that the Borough Council has adopted a 2013 Municipal Budget that reflects a \$.76 reduction on the tax rate from the prior year. For a home with an average assessment of \$97,932, there would be approximately a \$130.43 reduction in 2013 local municipal taxes as compared to an average assessment of \$69,500 in 2012. This is the borough's first **local municipal** tax reduction in twelve years.

The new Borough Hall which is located at 15 N. White Horse Pike will be the new center of town for all to enjoy. It is scheduled for completion on or about the end of May and should be ready to open by mid August. It has a beautiful new look and it was an endeavor long in the making. Watch for the Grand Opening date on the new digital sign. The new digital sign will keep us all up to date on things happening in our town.

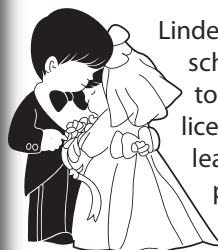

The summer movies, and children's variety shows in the park are back again this year. I look forward to seeing everyone there. It is one of my great joys to have families come out, lay down a blanket or lawn chair, sit back, and enjoy a good old fashion movie outdoors. If you have not had the opportunity to come out you have missed a great time for all. Best of all its "FREE".

Our Council meetings are the first and second Wednesday of every month at 7:00 PM. If you have any question of your Governing Body, please come to one of our meetings. If you need to speak with me, I can be reached at (856)783-2121 ext 9236

Thank you for your time and have a Safe and Wonderful Summer!

Mayor Richard E. Roach, Jr.

## Getting Married?

Lindenwold residents need to schedule an appointment to apply for their marriage license with the registrar at least 72 hours before the planned ceremony. Appointments are scheduled from 9:00

am to 3:30 pm Monday to Friday. Please call (856) 783-2121, ext. 9240 or ext. 9241.

# LINDENWOLD - CODE ENFORCEMENT OFFICE

The warm weather is here and it's time to get outside and SPRING CLEAN.

The Code Enforcement Office would like to bring to your attention some of the top violations and ask that you take the time to CLEAN up your property to avoid a violation letter or summons for noncompliance:

**1. Junk/unregistered Vehicles** – Any vehicle that is not legally registered, missing license plates, has flat tires, broken windows, or may be being used for storage of materials of all types.

**2. High Grass and Weeds** – Overgrown grass and weeds, overgrown and/or dead shrubs, dead and/or dying trees that may cause a safety hazard to the public. The grass along the curb & sidewalks are the responsibility of the property owner to be maintained.

**3. Unfiltered Pools and Ponds** – Pools and ponds must be actively filtered when filled with water to prevent the spread of mosquitoes.

**4. Parking of Vehicles on Lawn** – Vehicles can not be parked on front lawns.

**5. Parking of Trailers, Boats, Campers, and Buses** on streets are prohibited.

**6. Unlicensed Dogs and Cats** – All dogs and cats must be licensed. The maximum limit is three (3) dogs and three (3) cats per household. The leash law applies to both dogs and cats.

**7. Fences** shall be maintained in good repair. – “Good repair” meaning but not limited to erect, no broken pieces, no holes, and no peeling paint.

The Code Enforcement Office would like to thank all of the residents, who may have received violations, for their cooperation in correcting any violations or complaints that were received by our office. We appreciate your efforts in helping to keep Lindenwold clean and looking good. After all, a property that is full of junk storage, trash, junk vehicles, high grass, and unfiltered pools, affect your community. Not only in quality of life issues, but these violations also depreciate your property value.

*To report a violation or to file a complaint, please contact the Code Enforcement Office at 856-783-2121 ext. 9248 (9:00am-4:00pm)*

**Reminder:** State Regulations requires any pool over 24” deep must apply for a Permit as well as maintaining proper fencing requirements. This includes inflatable pools

## CONTRACTORS RESPONSIBILITY FOR MATERIAL DISPOSAL

If you plan on having a contractor do any work in your home or on your property, please remind them that it is their responsibility to remove all debris before leaving the job. This is necessary so our Borough does not become a dumping site for all contractors.

If you are doing the work yourself, you may put out for collection small amounts of construction debris. Remove all protruding nails or hammer them down before you put the material to the curbside. The trash contractor will not pick up any material that has nails sticking out.

## DOG AND CAT LICENSES

The annual license fees for  
either cat or dog:

**\$15.00 for spayed or  
neutered**

**\$20.00 for non-spayed  
or non-neutered**

Please note #6 in the Code Enforcement Article (above)

## DOOR TO DOOR SOLICITATIONS

Lindenwold Residents please beware of door to door solicitations. The Borough of Lindenwold requires a permit for anyone who wishes to solicit door to door. At this time, no one has obtained a permit. If you have any concerns, do not open your door and contact 911.

## Lindenwold Officers Help Save Christmas For a Lindenwold Family

On Christmas Eve 2012 just around midnight, Lindenwold Police officers responded to a burglary in the Emerald Ridge Apartment complex on Gibbsboro Rd. While the family was out visiting relatives, someone broke into their apartment and stole, among other things, all of the family's Christmas presents.

Officers Tomasetti, Caceres, Pavlovec, Gagliardi and Errico teamed up with 911 dispatchers from the Camden County Communications Center to search for toys for the family's three children. Toys were donated by the Bellmawr Police Department, the Haddon Township Fire Department and local firefighters. The Lindenwold officers brought the toys to the Communications Center and together with the dispatchers, wrapped all of the toys that were received. The dispatchers even chipped in and bought a \$100 gift card for the children's parents.

The toys were delivered to the family's home at around 3:30am not by Santa, but by five of Lindenwold's finest - just in time for Christmas!

**Patrolman Joan Pavlovec**

**Patrolman Steve Gagliardi**

## The Lindenwold Police Department is Proud to Introduce Two New Officers

Patrolman Juan Caceres and Patrolman Jose Class were sworn in at the council meeting on December 12, 2012. Both officers transferred to Lindenwold from the Camden Police Department where they served with the Quality Response Unit. Patrolman Caceres and Class are both bi-lingual in Spanish and English which, along with their other skills have made them valuable assets to the Lindenwold Police Department. Both Officers have completed their field training.

**Patrolman Juan Caceres**

**Patrolman Jose Class**

## Congratulations "CAPTAIN"

The Lindenwold Police Department is proud to announce the promotion of **Lieutenant Michael McCarthy** to the rank of Captain. Captain McCarthy joined the department in 1999 after serving with the Sea Isle City Police Department.

He was promoted to the rank of Sergeant in 2002, and to the rank of Lieutenant in 2007.

His leadership and experience will benefit the department as he serves as the police department's Executive Officer in charge of police operations.

## ANNOUNCING THE RETIREMENT OF MRS. GERALDINE CARROLL, SUPERINTENDENT OF SCHOOLS

*by Cathy Moncrief*

The Lindenwold Board of Education regretfully accepted the resignation of Mrs. Geraldine Carroll at the March 4, 2013 Board of Education meeting, effective July 1, 2013. This ends a 10 year tenure here at Lindenwold for Mrs. Carroll. Mrs. Carroll made dramatic changes to our district. She took a fledgling middle and high school program and created a strong, successful curriculum for our students, meeting their

diverse needs. Mrs. Carroll also overhauled the elementary curriculum leading the district to address the New Jersey Core Curriculum Content Standards. Recently, Mrs. Carroll has worked with the staff to implement curricular changes newly required by the state to meet the Common Core Standards. Mrs. Carroll's many significant contributions to our district include work on narrowing the achievement gap, increasing

test scores and the introduction of the freshman seminar program to the High School, as part of the Model Schools Program. She trimmed our budget while adding academic opportunities for our students. She has worked tirelessly for our district and our children.

Mrs. Carroll is a well-respected educational leader throughout the State of New Jersey. Mrs. Carroll was named Superintendent of the Year in the Southern Region in 2012. The Lindenwold Board of Education has been fortunate to have had Mrs. Carroll as our Superintendent for these 10 years and we will miss her leadership and guidance. We wish her well in her retirement.

# SOLUTIONS TO STORM WATER POLLUTION

Pollution on streets, parking lots and lawns is washed by the rain into storm drains, then directly into our drinking water supplies, and the oceans and lakes our children play in. Fertilizer, oil, pesticides, detergents, pet waste and grass clippings end up in our drinking water.

Storm water pollution is one of New Jersey's greatest threats to clean and plentiful water and that's why we're doing something about it. By sharing the responsibility and making small, easy changes in our daily lives, we can keep common pollutants out of the storm water.

As part of New Jersey's initiative to keep our water clean and plentiful and to meet federal requirements, many municipalities and other public agencies including colleges and military bases must adopt ordinances or other rules prohibiting various activities that contribute to storm water pollution. Breaking these rules can result in fines or other penalties. As a resident, business or other member of the community, it is important to know these easy things you can do every day to protect our water:

## LIMIT YOUR USE OF FERTILIZER AND PESTICIDES

1. Do a soil test to see if you need a fertilizer
2. Do not apply fertilizers if heavy rain is predicted
3. Look into alternatives for pesticides
4. Maintain a small lawn and keep the rest of your property or yard in natural state with trees and other native vegetation that require little or no fertilizer
5. If you use fertilizers and pesticides, follow the instructions on the label on how to correctly apply it.

## PROPERLY USE AND DISPOSE OF HAZARDOUS PRODUCTS

1. Hazardous products include some household or commercial cleaning products, lawn and garden care products, motor oil, anti-freeze and paints
2. Do not pour any hazardous products down a storm drain because the storm drains are usually connected to local water bodies and the water is not treated
3. If you have hazardous products in your home or workplace, make sure you store or dispose of them properly. Read the label for guidance.
4. Recycle used motor oil

5. Contact your municipality, county or facility management office for the locations of hazardous waste disposal facilities.

## KEEP POLLUTION OUT OF STORM DRAINS

1. Municipalities and many other public agencies are required to mark certain storm drain inlets with messages reminding people that storm drains are connected to local water bodies.
2. Do not let sewage or other waste flow into a storm water system.

## CLEAN UP AFTER YOUR PET

1. Many municipalities and public agencies must enact and enforce local pet waste rules. An example is requiring pet owners or their keepers to pick up and properly dispose of pet waste dropped on public or other people's property
2. Make sure you know your town's or agency's requirements and comply with them. It's the law: Remember to use newspapers, bags or pooper-scoopers to pick up waste. Dispose of the wrapped pet waste in the trash or unwrapped waste in a toilet and never discard pet waste in a storm drain.

## DON'T FEED WILDLIFE

1. Do not feed wildlife, such as ducks and geese
2. Many municipalities and other public agencies must enact and enforce a rule that prohibits wildlife feeding.

## DON'T LITTER

1. Place litter in trash receptacles.
2. Recycle, Recycle, Recycle.
3. Participate in community clean-ups.

## DISPOSE OF YARD WASTE PROPERLY

1. Keep leaves and grass out of storm drains
2. If your municipality or agency has yard waste collection rules, follow them
3. Use leaves and grass clippings as a resource for compost
4. Use a mulching mower that recycles grass clippings back into the lawn.

## TAX ASSESSORS OFFICE

Lindenwold's Department of Assessment Services determines the market value of all real estate within the Borough for assessing purposes. The Assessing Department handles all deed transfers, property owner mailing address changes, and tax exempt applications. The Assessor's Office also provides applications and answers questions about the following property tax deduction programs:

- Income-qualified homeowners who are 65 years and older or disabled may receive a \$250 deduction on their property taxes.
- Qualified veterans and widows of veterans can receive a \$250 deduction in their property taxes.
- Permanently disabled veterans may be entitled to full exemption from property taxes.

The Assessor's Office also administers the five-year residential abatement program. Certain improvements (i.e. additions, decks, sheds, extra bathrooms) which add value to a home, 20 years of age or older, are eligible for a property tax abatement. The value that is added, up to \$15,000, will be abated for five years

## HOMESTEAD BENEFIT

For those residents who applied and have qualified to receive the 2011 Homestead Benefit, please note that the final determination depends on an Approved State Budget. Once the State Budget is approved, the Homestead Benefit will be applied to the effective tax quarter. The Division of Taxation anticipates the Homestead Benefit Credit will be applied to the August 2013 Tax Quarter.

# History made into Glass Art at NJ Transit Station in Lindenwold

NJ Transit has made improvements to the Lindenwold station, including a 1,000 square-foot installation of glass art panels by artist Kenneth Leap. The glass panels in the waiting area for the Atlantic City train are full of history of the Camden & Atlantic railroad, as well as the history of Lindenwold. The panels are made with safety glass that is used for windshields and hurricanes. The photographs and art work are produced digitally, then printed and fused between the sheets of glass. The next area of improvement will be the train platform area shelter, which should begin soon. These panels will include pictures of Lindenwold's history. They will be many historical photos of Lindenwold Fire Company, Police, elementary school, high school, etc...

Mr. Leap has spent many hours researching and working with the Borough to enhance and preserve the history of Lindenwold. This project is beautiful and informative.

# Lindenwold Municipal Alliance

The Lindenwold Municipal Alliance is an organization to help educate and prevent alcohol & drug abuse within our community. The Governor's Council on Alcoholism and Drug Abuse provides funds to communities for education and prevention programs. Our Alliance supports a variety of events for the entire community, including our valued senior citizens, throughout the calendar year.

The following 2013 events/programs are currently funded by the Lindenwold Municipal Alliance;

D.A.R.E. (*Drug Abuse Resistance Education*), G.R.E.A.T. (*Gang Resistance Education And Training*), Project Graduation, Project Prom, Summer Recreation Program, Bike Safety Campaign, Senior Citizen Prom, and Senior Citizens Holiday Luncheon.

## Yard Smart, Earth Wise!

### — GRASS — CUT IT AND LEAVE IT!

Grass clippings are a major part of New Jersey's municipal solid waste stream. As a Lindenwold resident, you are already helping to avoid air pollution and wasted resources by recycling. You can do MORE by reducing waste at the source. Leave the grass clippings on your lawn when you mow and let nature do the recycling. You'll save 20-25% of your time because you won't have to stop and empty your lawnmower bag and you'll avoid purchasing yard waste bags and hauling them to the curb. You'll need to fertilize less since the clippings return nutrients to the soil.

## VEGETATION COLLECTION

Vegetation is collected every Monday curbside from Jan 1 to Oct 31. November and December are leaf collection only.

### — Guidelines —

- Vegetation includes branches, limbs, leaves, yard trimmings, shrubs, garden trimmings, flowers, grass, needles, pruning debris, plant stalks and logs no larger than 12 inches in diameter.
- Logs which are larger than 12 inches in diameter are collected separately every Thursday. You must call the Public Works Department at 856-783-1848 for log pick-up prior to Thursday.
- All vegetative material must be placed at curbside by no later than 6:30 am on collection day
- Material must be no longer than 4 feet in length and whenever possible, tied in bundles or stacked neatly at the curb
- Loose materials must be placed in an open container weighing no more than 50 pounds

If the normal Monday collection day falls on a holiday, vegetation collection will take place on the following day and will continue during the week until all residents have been collected

There may be times, such as the first nice weekend of Spring, when the volume exceeds our resources and we may not be able to complete pick up of the entire town in one day. When this occurs, we will continue to send out our crews the following day (or days) until every resident has received service.

## NO LITTERING & NO DUMPING

Ordinances #124-2 and 124-7 prohibit dumping and littering in public places. Violators of these ordinances are subject to a fine of \$2,000 or imprisonment for a term not to exceed 90 days, or both. If you see or are aware of anyone dumping illegally within the Borough, please contact the Department of Public Works or the Police Department immediately.

## LINDENWOLD SEWER DEPARTMENT

The Lindenwold Sewer Department is responsible for the maintenance and repair of all sewer lines, manholes and pumping stations within the Borough. Sewer lines are maintained by the Borough only up to the curb line.

For any sewer related questions or for general information, call 856-784-4400 between the hours of 6:30 am and 3:00 pm, Monday through Friday. After normal hours please leave your name, number and a message on the answering machine and we will return your call as soon as possible. In case of a sewer emergency, please call 856-783-1333.

Did you know that computer safety is pretty simple? As parents, guardians or other family members you have to take charge when it comes to computer safety and your children, no matter what their age. Some experts feel a computer should only be kept and used in public areas where a

parent can monitor the use. The amount of time spent playing video games and using electronic devices should be limited. Encourage your child to go outside or consider a project you can do together. Get in the habit of checking your child's history to see what sites they are visiting. You should know your child's passwords on all devices and know what social media network sites they are visiting. Talk to your child regularly about on-line privacy, not giving out personal information, pictures and anything else that can be used to harm them. Have your child leave their phone in another room at night

to charge; this will remove the urge to stay up all night texting. Talk to your older children about the dangers of sexting.

Every child is different, it is important to gauge your child's maturity and know if they are "ready" for the World Wide Web (www). There is a lot of information out there, both good and bad. The use of a parental filter will help block sites that are inappropriate for their age. Talk to your child about cyber-bullying. The world has changed a lot, but it hasn't. Good old fashion common-sense and precaution goes a long way.

Have a happy and safe summer.
